

Dr. Pleickhardt

I am a Licensed Clinical Psychologist in Florida and New York State with ten years of experience providing clinical and administrative services in general healthcare settings, residential treatment settings, and community behavioral health outpatient settings. My clinical expertise is in trauma and Post Traumatic Stress Disorder (PTSD). I am a certified Trauma Focused - Cognitive Behavior Therapy psychologist with a professional passion for helping other providers to learn how to help trauma clients heal and achieve their goals. I am passionate about ensuring high quality and evidenced based behavioral healthcare services for all clients. As a supervisor, I enjoy facilitating professional and clinical development for behavioral health providers and student therapists in training. I am also a Florida state Qualified Supervisor for Mental Health Counselors.
